

Local Fundraising Training Change the Game Academy Indonesia

SATUNAMA Foundation is an Indonesian non-profit organization engaged in community empowerment through mentoring, advocacy and training to promote human resource development in Indonesia with the strategy to strengthening and developing the capacity of local CSOs/CBOs to better serve the community and create sustainable change in Indonesia.

Today, SATUNAMA strengthens its collaboration as the National Partner Organization (NPO) of Wilde Ganzen Foundation in the Change the Game Academy (CtGA) Program. Change the Game Academy is a program initiated by the Wilde Ganzen Foundation in 2014 together with several organizations in Asia, Africa and Latin America. SATUNAMA joins as a national partner for Indonesia in 2022 and also becomes a member of the Change the Game Academy Global Alliance in an effort to have a better positive impact, not only in Indonesia, but also with international partners to contribute to the development of CSOs/CBOs globally.

CtGA Indonesia Local Fundraising Training.

As a National Partner of the Change the Game Academy (CtGA) Program in Indonesia, SATUNAMA manages series of trainings to strengthening and developing capacity of CSOs, CBOs and self-help groups with the main theme Local Fundraising (LFR). Strengthening the capacity on Local Fundraising (LFR) is intended to help CBOs, CSOs and Self-Help Groups to be able to diversify their funding sources and be able to build sustainable financial strength.

Change the Game Academy training is carried out in a comprehensive implementation, focusing on strengthening knowledge, skills and attitudes through various training methods based on participatory-adaptive educational learning, supported by the use of technology. Specific to Local Fundraising training, the training trajectory will include the following processes:

1. Introductory meeting.

This meeting involved the leaders of the organizations participating in the training to provide support for their organizations in participating in the training.

2. Face to face training.

Conducted for 5 (five) days to provide the knowledge needed in the area of Local Fundraising. Followed by the implementation of the Local Fundraising project after the face-to-face training as the application of the skills obtained during the face-to-face training.

3. Assistance as needed with online and offline methods.

This stage is carried out in the form of coaching to obtain learning aspects from the Local Fundraising practices by the participants. Aims to build the attitude and mindset of the training participants regarding Local Fundraising.

The entire trajectory lasts for 5 (five) to 7 (seven) months according to the dynamics and progress obtained. This Trajectory is intended to fully provide, not only training materials but also provide skills and build a mindset related to Local Fundraising that can support the work of CBOs, CSOs and Self-Help Groups.
